WORK EXPERIENCE

TripleTen

PRESENT

Data Analyst on training

I started my data analyst training in TripleTen on June, at today I can manipulate lists, csv files, dictionaries, 'for', 'if' and 'while' loops.

I perform Data Wrangling with Pandas python library.

Freelance

2024 - 2025

Cloud Practitioner

Perfomed personal projects with cloud such as upload web pages, dynamical and statical, explored a lot of services of two diferent cloud platforms. On AWS certification I learned how to connect an EC2 instance with S3 buckets, create IAM users and roles, VPC configurations and Lambda functions.

Freelance

2018 - 2023

Web Developer

Built responsive web applications from scratch. I performed custom designs to create intuitive user interfaces that increased user engagement. Worked closely with clients to gather requirements and deliver solutions that met their expectations. I worked with HTML, CSS, JavaScript and Figma to design and develop web pages.

Ericsson Telecom Inc.

2013 - 2016

Support Engineer

I collaborated with support teams to create solutions for customer networking interfaces issues that fixed successfully failures. I provided excellent customer service while troubleshooting technical problems related to Network systems. I was member of Tier 1 and Tier 2 support, for RLAM.
